

ACTIVITY 5-2

Creating an Image Link

Before You Begin:

Open index5-1.html

Scenario:

You have decided to add an image, which is the official logo for the Newsroom of Citizens Information Center. Instead of adding a hypertext link to the newsroom, you decide to use the logo as an image link. When the user clicks the image, the newsroom web page shall be opened. You intend to suppress the border of the image.

What you do	How you do it
1. Create an image link.	<ol style="list-style-type: none">a. Scroll down and click between <code><p></code> and <code></p></code> and type <code></code>b. Click after <code></p></code> and type <code></code> to create an image link. <i>See Code Sample 1</i>
<p>Code Sample 1 <code><p></p></code></p>	
2. Display the image link without a border	<ol style="list-style-type: none">a. In the style sheet part of the document, scroll up and click after the <code>.newsimage { float: left; and then press Enter.</code>b. Type <code>border: 0;</code> to display the link without the borderc. Save the file and refresh the page in the browserd. Click the News image to navigate to the Newsroom web page. <i>See Code Sample 2</i>
<p>Code Sample 2 <code>.newsimage { float:left; border: 0; margin-left: 15px; }</code></p>
