11. To access your web hosting tool click on FILE MANAGER

Web Slice Gallery | OnCorps AmeriCorps - Pe...
Logout | Control Panel | Webmail | Support | 480-388-3777

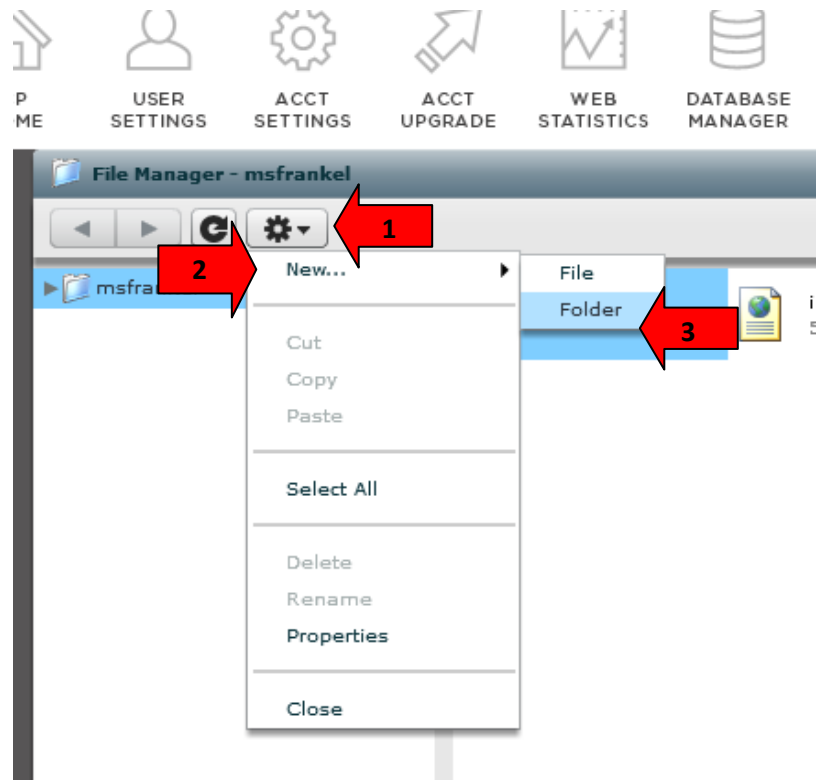

WEB HOSTING | DATABASE MANAGER | DOMAIN NAMES | EMAIL MANAGER | **FILE MANAGER** | REFERRAL MANAGER | WEBSITE BUILDER | MA

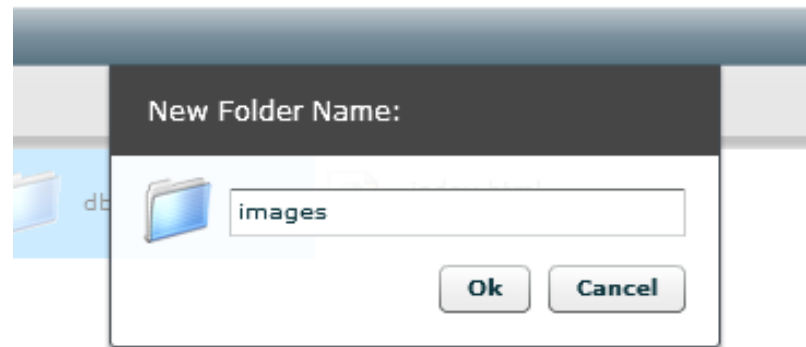

12. Look in your Sports folder to see exactly how the other folders are named. You will have to set up folders the same way online. I will need three folders named:
gallery images
images
Library

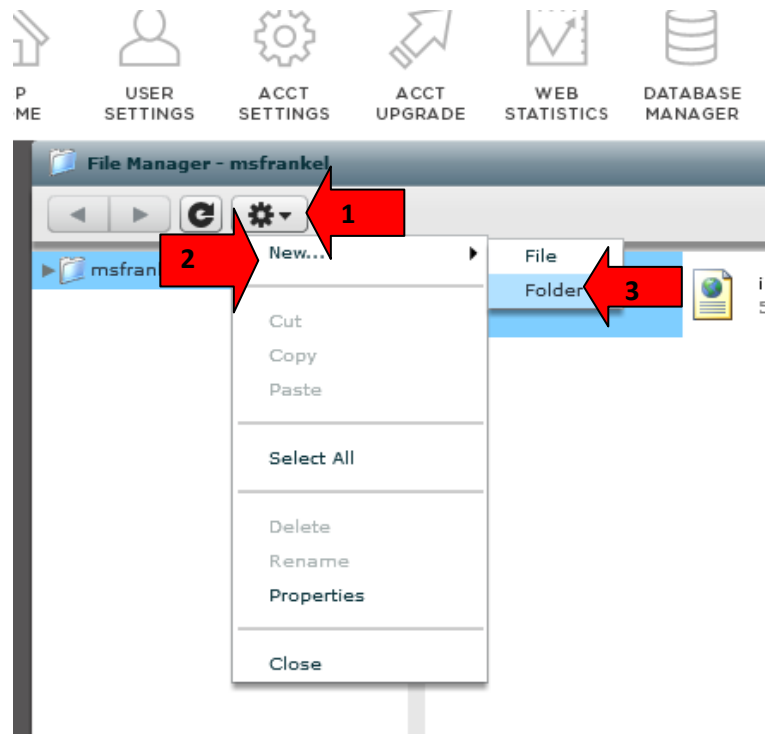

13. Click the Settings button.
14. Then select NEW
15. Then FOLDER

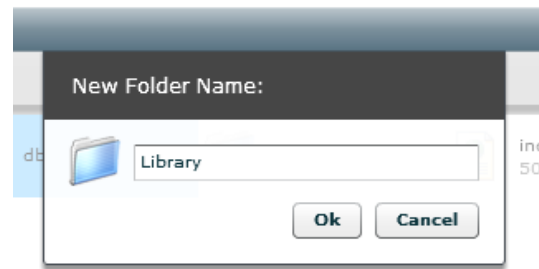

16. Name the folder *images* and click OK. MAKE SURE IT MATCHES THE NAME OF THE IMAGES FOLDER YOU CREATED IN YOUR SPORTS FOLDER. If it is all lowercase make it lowercase.

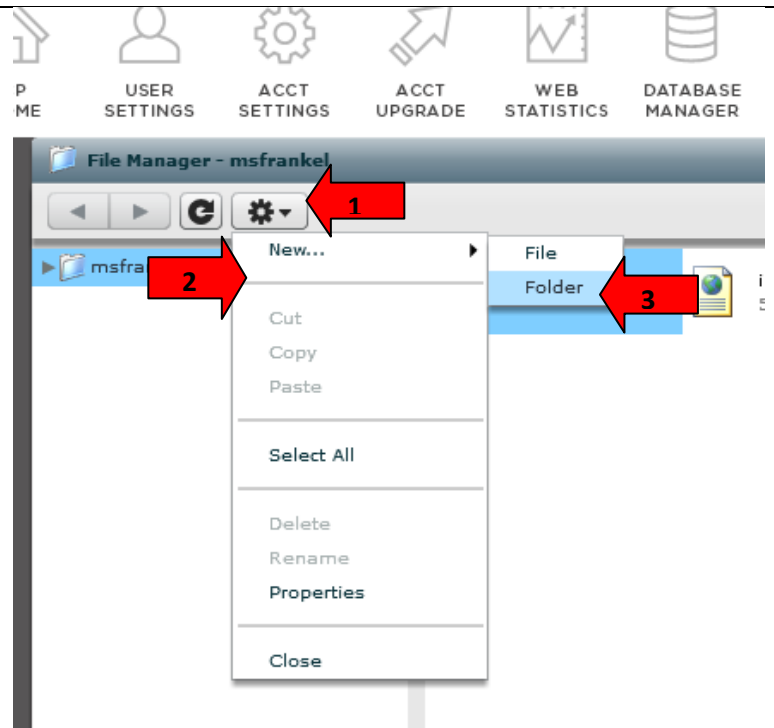

17. Click the Settings button.
The select NEW then
FOLDER.

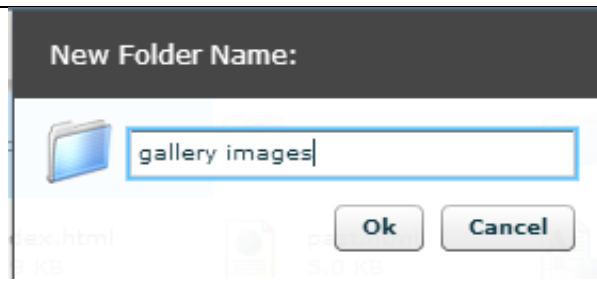

18. Name this folder *Library*. It
should be Library with a
capital L but if you are not
sure look inside your sports
folder.

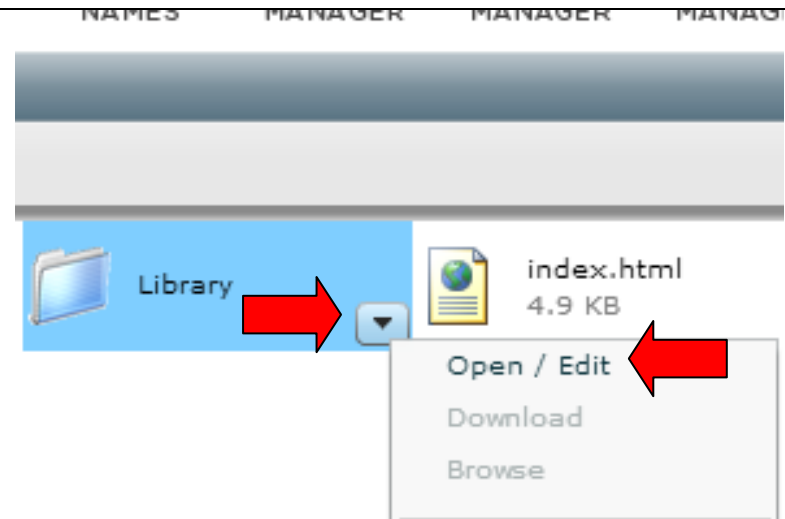

19. Click the Settings button.
The select NEW then
FOLDER.

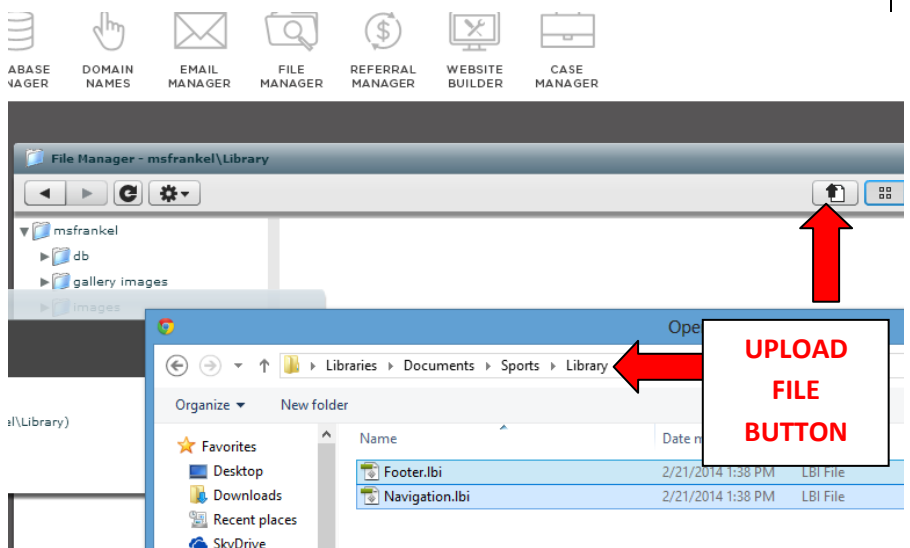

20. Name the folder *gallery images* and click OK. MAKE SURE IT MATCHES THE NAME OF THE GALLERY IMAGES FOLDER YOU CREATED IN YOUR SPORTS FOLDER. If it is all lowercase make it lowercase.

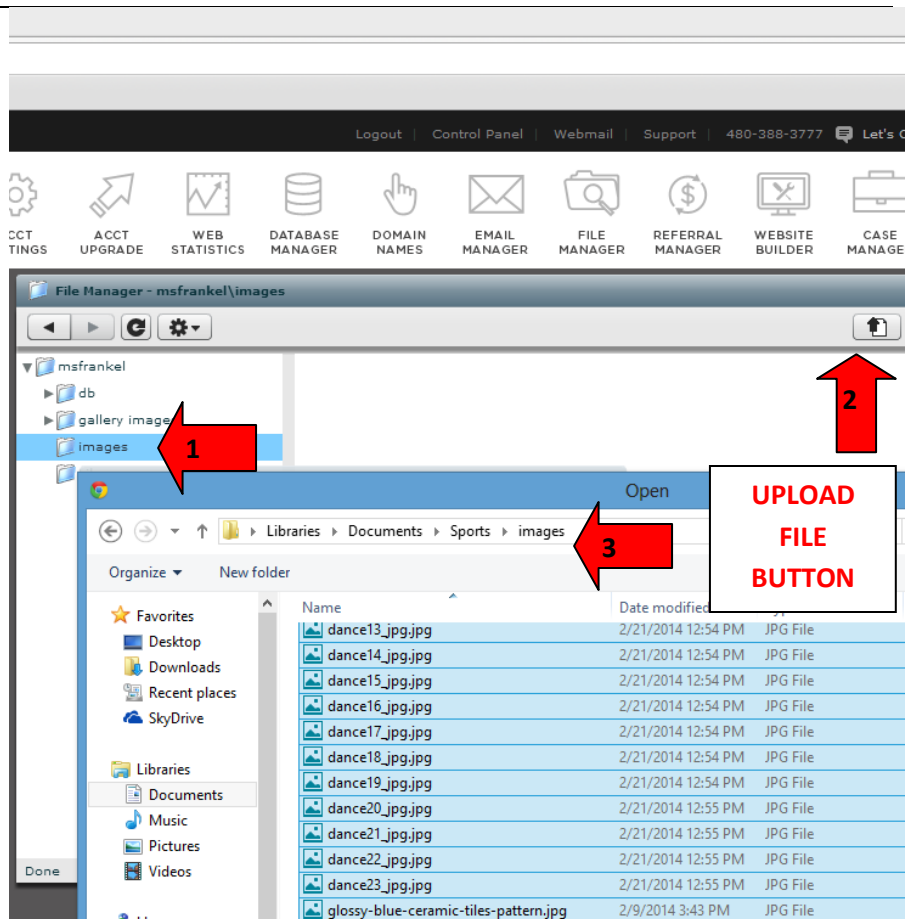

21. Click on the Library file. There is an arrow in the bottom right hand corner. Click the button and select OPEN/EDIT.

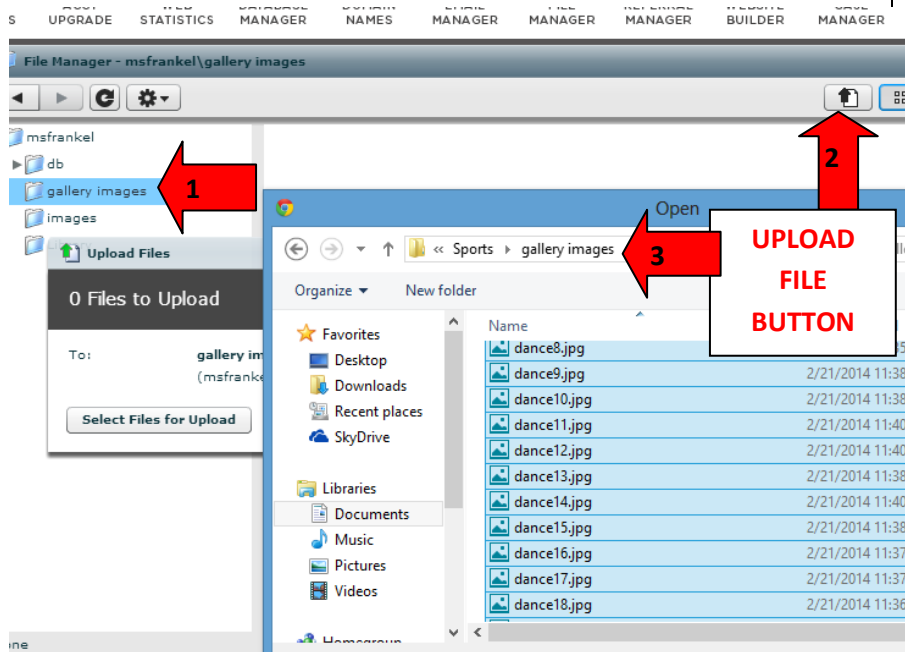

22. Click the upload file button.
23. Go to My Documents, then your Sports Folder, and open the Library folder.
24. Select all items by holding down the Shift key or CTRL key and selecting the items.
25. Click open.
26. The files will upload to your site.

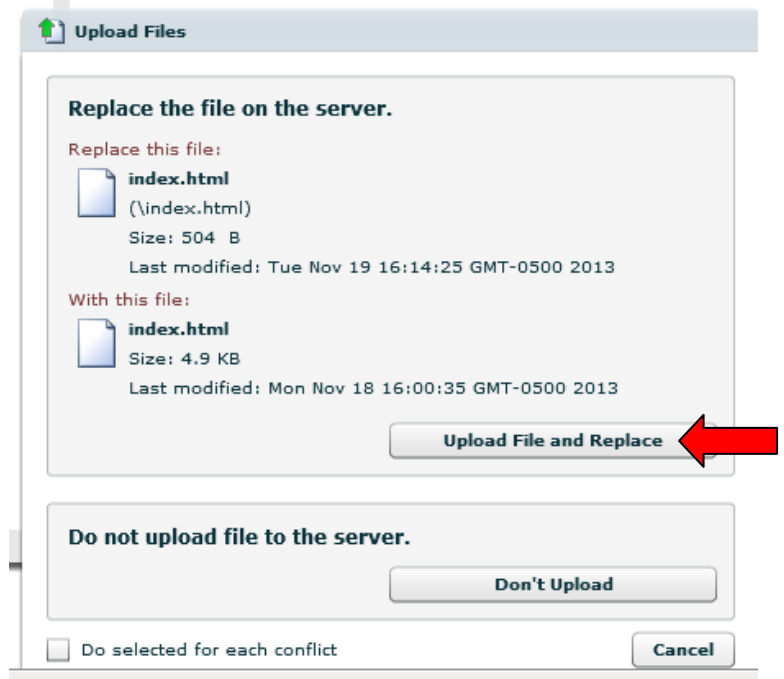

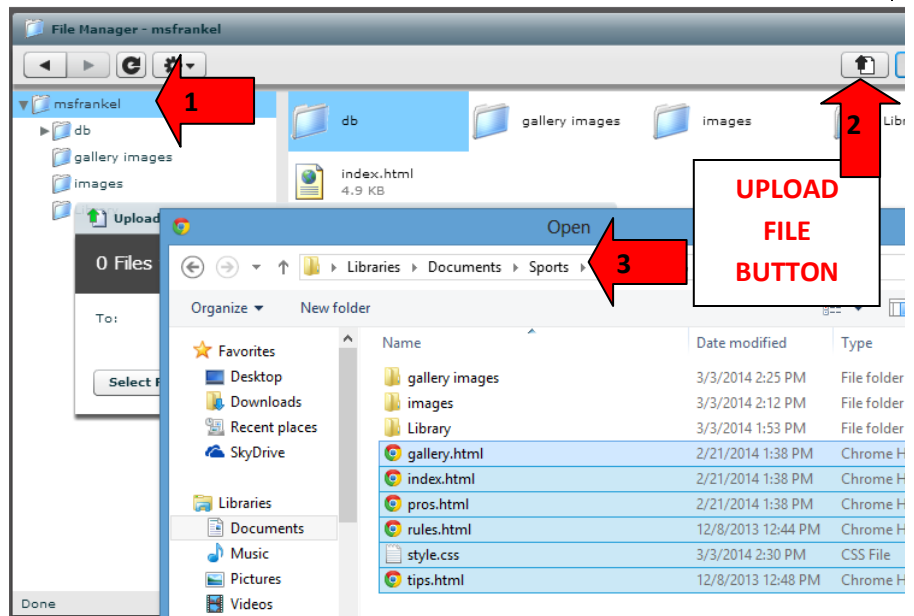

27. Click on the *images* folder on the left side panel.
28. Then click the upload file button.
29. Go to My Documents, then your Sports Folder, and open the images folder.
30. Select all items by selecting the first picture, holding down the shift key, and selecting the last picture.
31. Then click open.
32. The files will upload to your site.

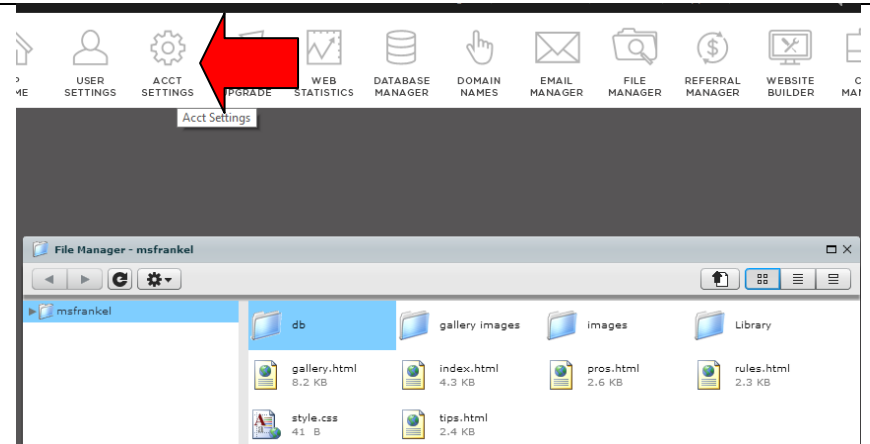

33. Click on the *gallery images* folder on the left side panel.
34. Then click the upload file button.
35. Go to My Documents, then your Sports Folder, and open the gallery images folder.
36. Select all items by selecting the first picture, holding down the shift key, and selecting the last picture.
37. Then click open.
38. The files will upload to your site.

39. Click on the folder with your name which is your root folder.
40. Then click the upload file button.
41. Go to My Documents, then your Sports Folder.
42. Select all items by selecting the first file, holding down the shift key, and selecting the last last.
43. Then click open.
44. The files will upload to your site.
45. You will get a message to replace the file on the server. Click Upload and replace.

46. Your online root folder should look the same as your Sports.
47. To view your site click on Acct Settings.

48. Copy the default web address onto your exit ticket. This is how anyone can view your site. It is your responsibility to remember your password.
49. Click the link to view. It can take up to 24 hours to view.
50. You should check to make sure everything displayed properly.
